Submitted Questions :

- Should a health plan/program contractor provide NPI numbers of other contracted providers? We had this request from a nursing facility because it would benefit them in billing Medicare. They are required to use the NPI for referring physician.
- Does AHCCCS accept any other documentation from providers of their NPI, other than the statement from the NPI enumerator? We have providers faxing personalized notices.
- Since submission of NPI is now mandatory, it is unclear what causes the encounter to pend.
Will it pend if it does not have a NPI, but neither does AHCCCS?
Will it pend if it contains a NPI, but AHCCCS does not have a NPI?
Will it pend if the encounter contains a NPI, but the NPI is different than AHCCCS has?
